Aryn Haji, London
Dr Rehan Haidry
Mr Sri Thrumurthy
Dr Dev Bansi

Promoting excellence in Interventional endoscopy

Course overview

Faculty and industry presentations covering indications for Endoscopic suturing and differing methods of the technique
Demonstrations of these techniques by the experts using *ex vivo* and animate models

Intensive hands-on experience with expert faculty
Hands on experience with models including stent fixation, endoscopic sleeve and closure of gastrointestinal defects

This course is designed for advanced GI endoscopists and surgeons who are interested in learning the most advanced techniques in endoscopic closure

Only 2 delegates per station to give maximum exposure to hands on skills

Promoting excellence in Interventional endoscopy
